Simple Particle Machines (all styles)

Complete Instructions & Help

EASY INSTRUCTIONS:

Just rez your Simple Particle Machine somewhere and raise it up into the air.

--- Touch it to turn it on.

Adjust the height; the higher you put it in the air the wider area it will cover.

--- Touch again if you want to turn it off.

--- Only the object owner will be able to turn it on or off.

TIP: If you cannot find the object because it is semi-transparent, press CTRL+ALT+T to make transparent objects appear.
