I'm honored to have spent 11 wonderful years writing scripts and creating fun things for Second Life. To celebrate, you can pick up your limited edition 11th Anniversary Script Package at the [ASD Main Store entrance](#). It includes some old classics and many new commercial scripts you can use in your own products or personal use, valued at over L\$1500! Once they're all gone, they're gone, so don't delay.

Thanks for over a decade of virtual fun!
