
[NEW PRODUCTS: Lightbulb Full Perm Scripts](#)

Category : [Announcements](#)

Published by Alicia Stella on Jul-05-2019

Two new Full Permission script sets have been released! The Day/Night Light Script and Touch On/Off Light Script are perfect for builders to create their own lights in projects they intend to sell. Light scripts include an array of settings and even an option to include a settings notecard for the next owner to be able to adjust the lighting options.

Both Light Sets are available in-world and the Marketplace at the links below.
